350 GTW

SAXDOR

PROTECTED WALKAROUND

The Saxdor 350 GTW combines a fully enclosed pilothouse with a true walkaround layout, offering protected comfort and easy movement on board.

Panoramic glazing and sliding doors create a bright, sheltered space that can open up when needed, maintaining a strong connection to the surroundings.

With 360° access around the boat and a practical cabin layout below, the 350 GTW is designed for safe handling, everyday usability, and comfortable weekends on the water.

COMFORT
IN CONTROL

A fully enclosed pilothouse with panoramic glazing and sliding doors creates a protected space for use in changing conditions.

When opened, it brings in fresh air and maintains an open, connected feel, combining shelter with the experience of open boating.

When closed, it provides full protection from wind, rain, and temperature changes, ensuring a calm and comfortable environment on board.

MERCURY

360° FREEDOM OF MOVEMENT

A full walkaround layout provides easy access around the boat, making movement simple and intuitive in all situations.

Wide side decks enhance safety and control, whether boarding, anchoring, or moving between areas on board.

COMFORT BELOW DECK

The 350 GTW offers a thoughtfully designed interior that balances comfort and practicality below deck.

Side windows and overhead skylights bring natural light into the cabin, while warm materials and clean finishes create a calm, welcoming atmosphere.

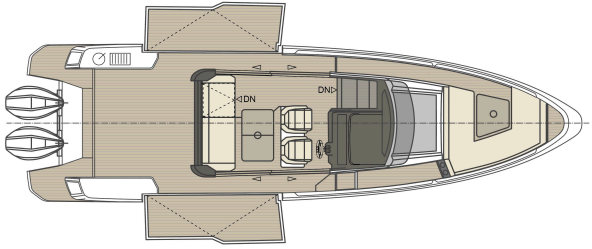

With a forward double cabin, a separate head, and practical storage throughout, it has everything needed for overnight stays and relaxed weekends on the water.

01 Main deck

02 Lower deck with aft cabin

03 Main deck with aft cabin

04 Main deck with wetbar

THE FUTURE TAKES SHAPE

Founded in 2019 by Sakari Mattila, we draw on decades of experience with Finland's leading boat brands. We entered the market with a distinct view of modern boating, bringing together agile performance and innovative use of space, designed to anticipate your changing needs on board.

The range has grown quickly, with every new model expressing a different side of the same design philosophy.

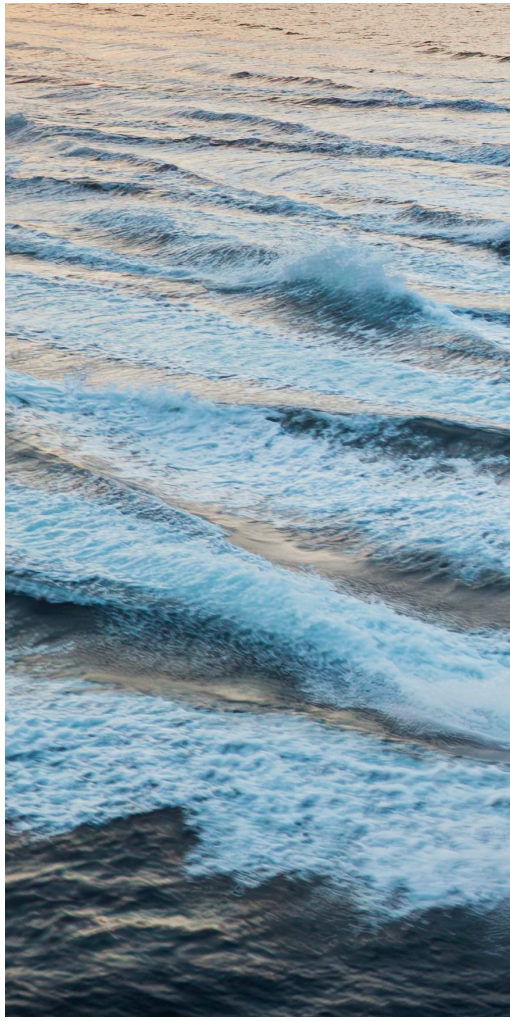

Today, Saxdor models span from the sporty 270 to the flagship 460. Each model has its own character and onboard experience, bringing genuine variety to the range. Built in Europe, every Saxdor meets the same high standards of construction, materials and finish.

Together, these qualities shape a feeling you notice the moment you step on board and want to return to after every outing.

GLOBAL NETWORK

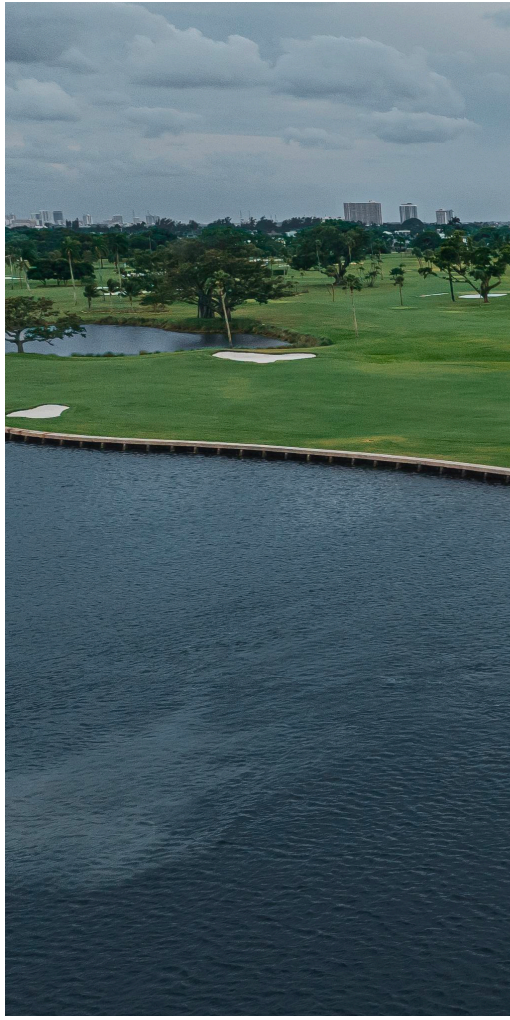

Saxdor is present wherever boating matters most — through a network of over 200 dealer locations across more than 70 countries and territories on 5 continents.

Together with our dealer partners, we participate in more than 100 boat shows and water sports exhibitions every year — from Cannes and Düsseldorf to Miami and Singapore. Each event is an opportunity to explore the Saxdor range on the water, discover the full lineup through our digital showroom, meet the team, and join the growing community of owners worldwide.
