

320 GTO

SAXDOR

DESIGNED FOR THE SUN

The Saxdor 320 GTO combines sporty performance with a highly social, open layout, designed for effortless days on the water.

The transformable deck shifts easily from forward-facing seating while underway to a relaxed lounge at anchor. With sunbeds, open terraces, and flexible seating, the space adapts naturally from cruising to social moments in the sun.

Built on a twin-stepped hull, the 320 GTO delivers responsive handling and speeds of over 50 knots, while a practical cabin below adds comfort for longer days and overnight stays.

MADE TO SHARE THE RIDE

The Saxdor 320 GTO allows up to nine people to sit facing forward behind the windshield, sharing the same view while underway.

The transformable layout keeps everyone connected, combining comfort, visibility, and a more social driving experience.

By bringing more passengers into the forward-facing zone, the layout makes the helm feel more inclusive, turning the journey itself into a shared part of the experience.

MORE THAN PERFORMANCE

The 320 GTO goes beyond pure performance, offering a well-balanced setting for both driving and time spent on board.

A sociable deck layout, practical wetbar, and comfortable cabin for rest or overnight stays create everything needed for easy days on the water.

This versatility allows the 320 GTO to move naturally between fast-paced driving, relaxed daytime use, and comfortable overnight stays.

SPACE TO UNWIND

The 320 GTO turns time at rest into a more open and sociable onboard experience.

With the terraces down, the deck opens up to create more space for dining on the foredeck or gathering around the dinette, with seating for up to six people.

Slide the bench and adjust the backrests to transform the area from seating into a sunbed, giving the layout added flexibility for dining, lounging, or relaxing in the sun.

MADE FOR WEEKENDS

A forward double cabin and a separate head provide the essentials for comfortable overnight stays on board.

The layout makes efficient use of space, creating a practical and well-balanced interior within a compact footprint.

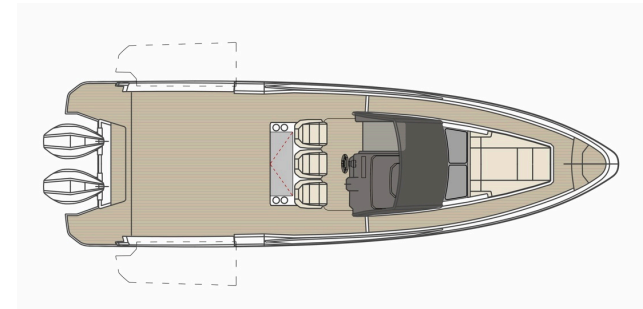

Together, this delivers genuine weekend capability in a 32-foot platform.

THE FUTURE TAKES SHAPE

Saxdor was founded in 2019 by Sakari Mattila, bringing decades of experience from Finland's leading boat brands. From the start, the brand introduced a bold new approach to boating, combining agile performance with thoughtful, well-designed usability on board.

Since then, the range has evolved rapidly, from the early models to the latest 460 series, introducing new levels of space, versatility, and onboard living.

Today, Saxdor offers a complete range of boats built on the same core principles: lightweight Scandinavian construction, sharp hydrodynamics, and thoughtfully designed deck space.

From the sporty 270 GTO to the flagship 460 GTC, every model delivers a confident, efficient, and rewarding experience on the water.
