

400 GTC

SAXDOR

SMART COMFORT, BUILT FOR EVERY SEASON

The Saxdor 400 GTC is designed for year-round use, combining the protection of an enclosed wheelhouse with the openness of a spacious day boat.

Inside, the wheelhouse offers a warm, sheltered environment, while wide terraces and an open deck create a more social, connected setting.

The twin-stepped hull delivers a smooth, stable ride, supported by powerful outboards for longer, effortless journeys.

Below deck, a bright saloon and well-designed cabins provide comfortable living for extended stays on board.

The result is a boat that brings together capability, comfort, and versatility — ready for different conditions and ways of using it.

ALL-SEASON COMFORT

The 400 GTC creates a protected onboard environment, designed for consistent comfort in changing weather.

The fully enclosed glass wheelhouse is designed to keep you protected and comfortable while maintaining a strong connection to the surroundings.

Expansive glazing fills the interior with natural light and opens up clear views in every direction, while the enclosed structure shields from wind and changing temperatures. With optional air conditioning, the climate on board stays comfortable across different regions and seasons.

INDOOR-OUTDOOR LIVING

The 400 GTC wheelhouse is designed as one connected space, linking the interior from the bow area to the aft cockpit to create a more open onboard experience.

When opened, the layout feels spacious and sociable, with a natural flow throughout the boat, enhancing both movement and time spent together on board.

Closer contact with the surroundings invites in more air, light and atmosphere, while remaining ready to enclose when conditions change.

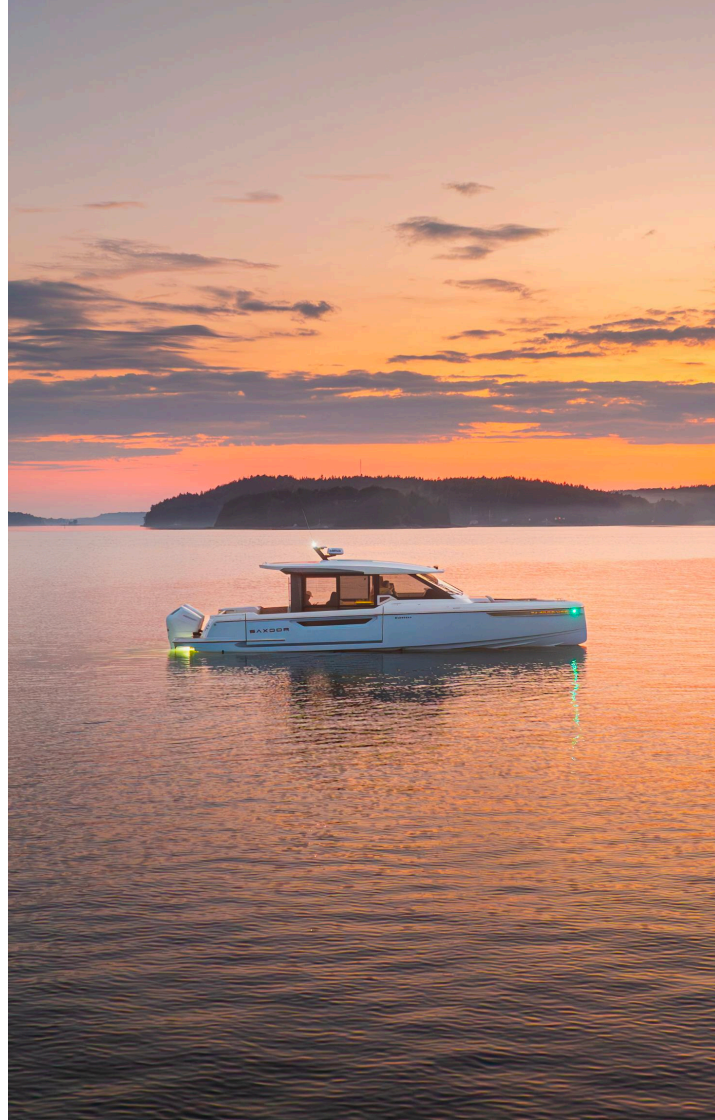

MORE THAN A DAY BOAT

The 400 GTC is designed to bring the presence of a luxury cruiser into a more compact and versatile package, with the comfort and livability to support longer stays on board.

A practical two-cabin layout below deck adds sleeping accommodation and everyday usability, giving the boat a more complete onboard feel than a typical outboard day boat.

Ideal for relaxed cruising and extended weekends on the water, the GTC makes it easier to stay longer and enjoy more of your time on board.

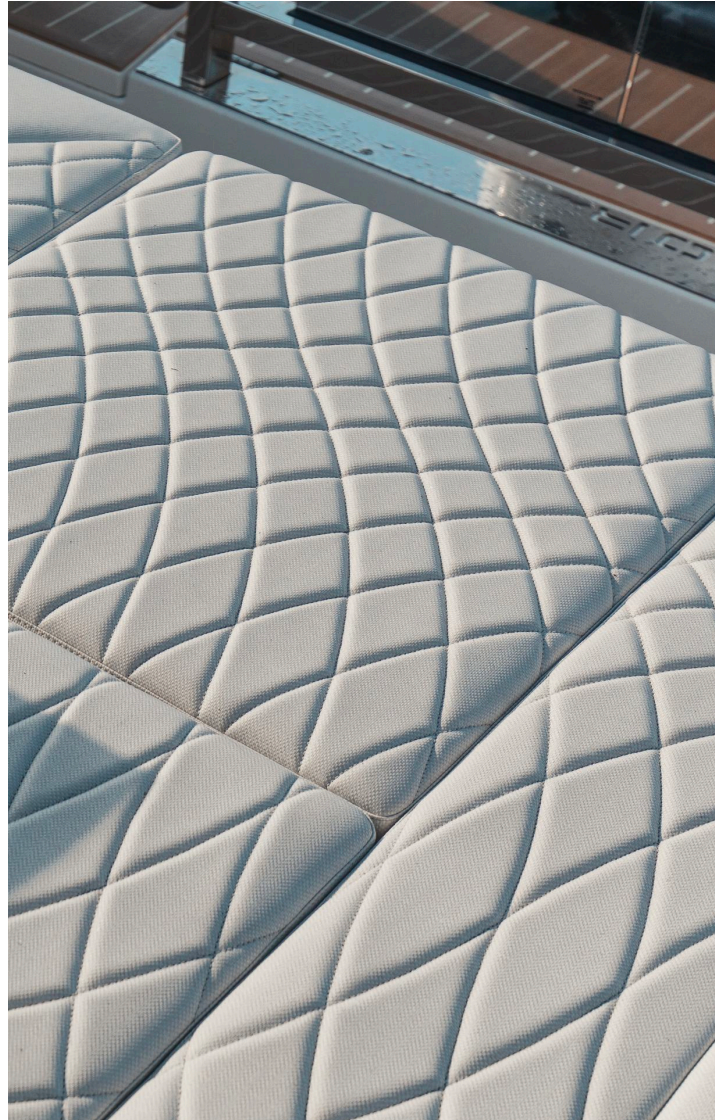

INVITING INTERIOR

Across the interior, the 400 GTC is shaped by a calm and carefully balanced design approach.

A light material palette, warm wood tones and soft contrasts create a welcoming atmosphere, while clean lines keep the overall expression modern and welcoming.

This gives the space a stronger sense of comfort and quality throughout, adding depth to the onboard experience.

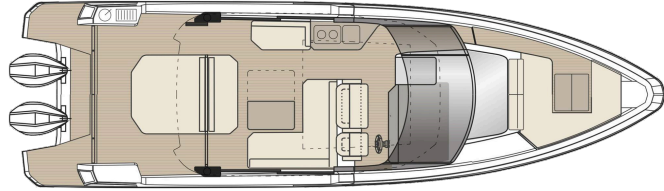

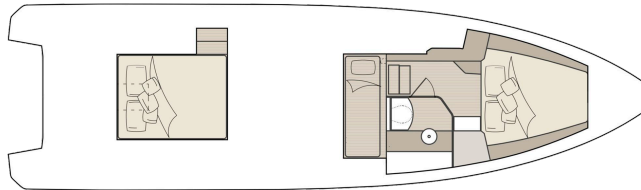

LAYOUTS & SPECS

SPECIFICATIONS

Length	12.4 m / 40.7 ft
Beam	3.55 m / 11.7 ft

THE FUTURE TAKES SHAPE

Saxdor was founded in 2019 by Sakari Mattila, bringing decades of experience from Finland's leading boat brands. From the start, the brand introduced a bold new approach to boating, combining agile performance with thoughtful, well-designed usability on board.

Since then, the range has evolved rapidly, from the early models to the latest 460 series, introducing new levels of space, versatility, and onboard living.

Today, Saxdor offers a complete range of boats built on the same core principles: lightweight Scandinavian construction, sharp hydrodynamics, and thoughtfully designed deck space.

From the sporty 270 GTO to the flagship 460 GTC, every model delivers a confident, efficient, and rewarding experience on the water.

GLOBAL NETWORK

Saxdor is present wherever boating matters most — through a network of over 180 dealer locations across more than 70 countries and territories on 5 continents.

Wherever you are, our global network brings you closer to the brand, with local expertise and seamless access to our boats and services.

Together with our dealer partners, we participate in more than 100 boat shows and water sports exhibitions every year — from Cannes and Düsseldorf to Miami and Singapore. Each event is an opportunity to explore the Saxdor range on the water, discover the full lineup through our digital showroom, meet the team, and join the growing community of owners worldwide.
