

400 GTO

SAXDOR

SPACE WITHOUT LIMITS

The Saxdor 400 GTO offers a distinctive balance of openness and shelter, with a full-beam wheelhouse that enhances coverage while preserving an open feel.

Opening side terraces widen the deck at anchor, creating a generous social area with a strong connection to the surroundings. Extending across the full beam, the wheelhouse adds continuity to the layout while maintaining the boat's open character.

Built on a twin-stepped hull, the 400 GTO delivers smooth, efficient performance, while its practical layout and two-cabin configuration make it equally suited for day trips and extended weekends on board.

YOUR PRIVATE ISLAND

The 400 GTO is designed as a transforming social space, with an open wheelhouse that extends across the full beam of the boat, maximising interior living space and providing direct access to the side terraces.

At anchor, the terraces extend the deck outward, enlarging the living space and creating direct access to the water. The effect is expansive and immersive, with the surroundings becoming part of the experience.

The seamless connection from the wheelhouse to the side terraces makes the space work as one, giving the 400 GTO its private island feel at anchor.

SIMRAD

SAXDOR

CONVERTIBLE COMFORT

The 400 GTO remains true to its open character while offering added shelter when needed. Its full-beam wheelhouse brings natural coverage to the helm area, creating a more protected setting without losing the openness that defines the boat.

With the weather enclosures in place, the space becomes more composed and comfortable in sun, wind, or shifting conditions. The atmosphere stays light and connected, while the sense of protection increases when it matters most.

This flexibility gives the 400 GTO a broader comfort range on the water, open and immersive in fair weather, more sheltered and reassuring when conditions change.

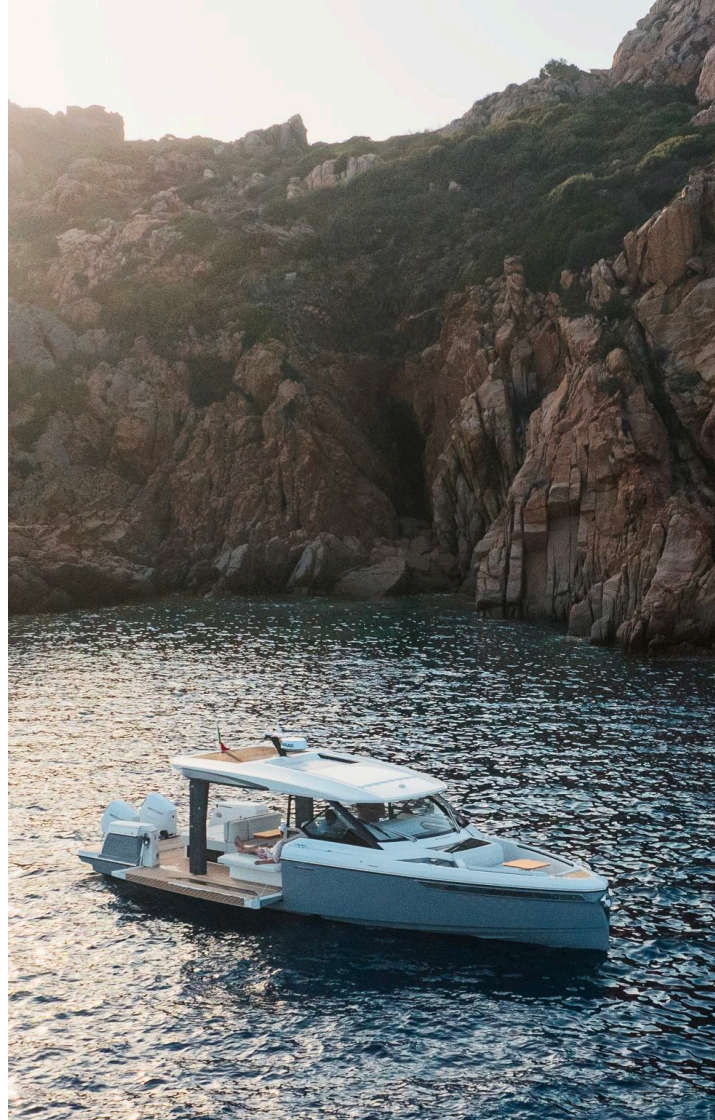

SAXDOR

SMART WEEKENDER

The 400 GTO is designed for easy, comfortable living on board, combining a practical deck layout with a well-balanced interior below.

A two-cabin configuration with a separate head provides the essentials for overnight stays, while modular social areas support different ways of using the space throughout the day.

Equally suited for day trips and extended weekends, the 400 GTO offers a versatile setup for time on the water.

COMFORT BELOW DECK

The interior is designed for practical, comfortable living on board, with a layout that supports both short trips and overnight stays.

Natural light, warm materials, and clean lines create a calm and welcoming atmosphere, while the space is organised for easy, everyday use.

A two-cabin layout with a separate head provides everything needed for relaxed weekends on the water.

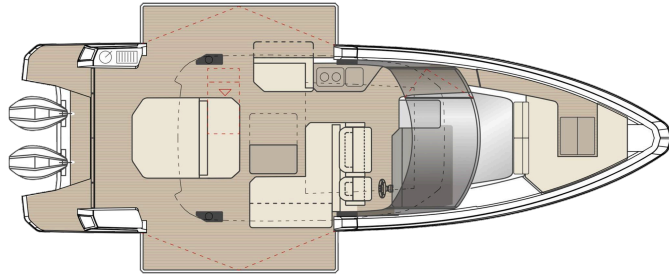

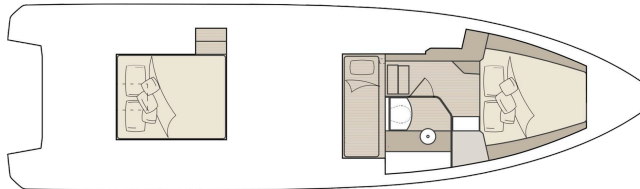

LAYOUTS & SPECS

SPECIFICATIONS

THE FUTURE TAKES SHAPE

Saxdor was founded in 2019 by Sakari Mattila, bringing decades of experience from Finland's leading boat brands. From the start, the brand introduced a bold new approach to boating, combining agile performance with thoughtful, well-designed usability on board.

Since then, the range has evolved rapidly, from the early models to the latest 460 series, introducing new levels of space, versatility, and onboard living.

Today, Saxdor offers a complete range of boats built on the same core principles: lightweight Scandinavian construction, sharp hydrodynamics, and thoughtfully designed deck space.

From the sporty 270 GTO to the flagship 460 GTC, every model delivers a confident, efficient, and rewarding experience on the water.

GLOBAL NETWORK

Saxdor is present wherever boating matters most — through a network of over 180 dealer locations across more than 70 countries and territories on 5 continents.

Wherever you are, our global network brings you closer to the brand, with local expertise and seamless access to our boats and services.

Together with our dealer partners, we participate in more than 100 boat shows and water sports exhibitions every year — from Cannes and Düsseldorf to Miami and Singapore. Each event is an opportunity to explore the Saxdor range on the water, discover the full lineup through our digital showroom, meet the team, and join the growing community of owners worldwide.
